

<i>Rule number</i>	<i>Rule Title</i>	<i>Summary</i>
Rule 3.1	Education	This rule simply updates the names of university accreditation organizations that are recognized by the Board. Over the past 10-15 years, some of these organizations have modified their names.
Rule 10.6	Registration	Rule 10.6 has a reference to Board rule 19, which must be updated because of changes we are making to Rule 19.
Rule 12	Fees	Act 725 of 2021 required us to promulgate rules to waive fees for license applicants who receive certain state benefits or fall below 200% of the federal poverty line. Also Act 1101 of 2021 required us to have our list of fees reviewed by Legislative Council.
Rule 13.3	Continuing Education	This change is being made to relax the requirements for CPE credit. The minimum period for acceptable CPE is currently 50 minutes, we are changing that to 25 minutes. This was requested by some of our licensees.
Rule 19	Licensure for Uniformed Service Members, Veterans, and Spouses	This rule change is being promulgated to comply with Act 135 of 2021. This changes the language in the rule to match language in Act 135. It also clarifies that expedited licensure is not only available to those who have a CPA license from another state, but someone who is applying for an original license with our Board as well.
