

RULE 13 CONTINUING EDUCATION

Pursuant to the provisions of the Act, the Board prescribes the following regulations amending requirements of continuing education to be met from time to time by licensees in order to maintain the highest standard of proficiency in the profession of public accountancy.

13.1 DEFINITIONS THAT ARE APPLICABLE TO RULE 13:

(b) Group Program: An educational process designed to permit a participant to learn a given subject through interaction with an instructor and other participants either in a classroom setting or using the Internet or video conferencing technology (non-interactive Internet courses will not qualify in this area). Interactive webinars are considered group programs. The key component in interactive CPE courses is that the content is delivered in a manner so that the participants can interact with the remote instructor.

(c) Independent Study: An educational process designed to permit a participant to learn a given subject under a learning contract with a CPE program sponsor (all independent study must be approved in advance by the Arkansas State Board of Public Accountancy).

(d) Self-study Program: An educational process designed to permit a participant to learn a given subject without major involvement of an instructor. Self-study programs use a word count formula or a pilot test (a sampling of at least three individuals) to measure the average completion time from which the recommended CPE credit is determined.

(e) Authorship: An education process designed to permit a participant to increase professional competence through research and writing articles, books or CPE programs. For the writer to receive CPE credit, the article, book, or CPE program must be in the subject areas specified in Rule 13.2(a)(1) and formally accepted in writing for publication.

13.2 BASIC REQUIREMENTS

(a) An applicant for renewal of a license must have completed acceptable continuing education, except as otherwise provided in Section 13.2(b), in the amount of 120 hours within 36 months or 40 hours within 12 months immediately preceding January 1 of the year for which the license is renewed, and further provided that:

The hour of CPE on Board specific rules and laws must be completed during the 36 months immediately preceding the expiration date of the current license.

(4) Licensees who are in their first calendar year of licensure must obtain CPE hours pro-rated based on the date of initial licensure.

(b) The Board may make exceptions for reasons of individual hardship including, but not limited to, health, military service, foreign residency, or other good cause. No exception shall be made solely because of age or retirement.

In deciding the extent of any CPE waiver allowed under this Rule, the Board will take into consideration factors including, but not limited to:

Hours devoted to preparation by the participant shall not be counted as a contact hour.

(3) The program is conducted by a qualified instructor. A qualified instructor or discussion leader is anyone whose background, training, education or experience makes it appropriate for her/him to lead a discussion on the subject matter of the particular program. A lecturer or discussion leader shall be afforded CPE credit for preparation and presentation of a program for twice the number of CPE hours applicable for participants to the extent that the program contributes to the professional accounting competence of the applicant. Repetition of the same course material in the same year will not be allowable for credit as continuing education.

For non-credit short courses, credit is computed by contact hours.

(d) Individual study programs, distance learning, independent study and self-study for which evidence of satisfactory completion is issued by the provider organization prior to January 1 of the year for which the licensee is being renewed may qualify. The Board shall accept the hours of continuing education credit recommended by the provider organization (subject to the constraints of Rule 13.3(b)(2)).
